EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
MCA	Graphic Era Hill University, Dehradun	9.0	Expected 2027
B.Sc IT	Dev Sanskriti Vishwavidyalaya, Haridwar	8.27	June, 2025
Senior Secondary	Trident Public School	83	August, 2022
Secondary	Trident Public School	90	June 2020

EXPERIENCE

- Shriram Software Solutions**
Data Science Intern
June - July 2025
Haridwar, Uttarakhand
 - Worked on data analysis tasks including EDA, data cleaning, and basic model evaluation.
 - Gained practical experience with real-world datasets and tools such as Python and scikit-learn.
 - Collaborated with mentors to understand workflows and improve data handling techniques.

PROJECTS

- Multimodal Document Intelligence System | RAG with Vision Support**
Tools: [LangChain, ChromaDB, PyMuPDF, Groq/LLaMA Vision, Streamlit]
 - Built a multimodal RAG system to answer questions over PDFs, including charts, tables, and images.
 - Used PyMuPDF and Groq's vision model to extract and summarize image content for semantic search.
 - Implemented dual-layer storage: ChromaDB for retrieval, byte store for raw content.
- Resume Analyzer | LLM-Powered Feedback & ATS Scoring**
Tech: [Python, Streamlit, LangChain, Groq/Llama 3.3 70B, pdfplumber, python-docx]
 - Built a 3-stage pipeline: parsing, LLM-based feedback, and ATS job-fit scoring.
 - Generated structured JSON output covering grammar, phrasing, and consistency checks.
 - Fixed LLM-hallucinated artifact locations by switching to deterministic regex detection.
- Traffic Congestion Prediction | Spatio-Temporal Graph Learning**
Tech: [Python, PyTorch Geometric Temporal, Keras, XGBoost, STGCN]
 - Built an offline ML web app predicting Delhi traffic congestion, requiring no internet or live API.
 - Used a stacking ensemble (XGBoost + LightGBM + meta-learner) on 18 engineered features, including interaction terms.
 - Achieved $R^2 = 92.4\%$ on 4,000 real Delhi trip records.

SKILLS

- Programming Languages:** Python, SQL, JavaScript, C++
- Machine Learning & Deep Learning:** Scikit-learn, TensorFlow, PyTorch, CNNs, Model Evaluation
- Large Language Models:** LangChain, LlamaIndex, Hugging Face Transformers, RAG Systems
- Data & Scientific Libraries:** pandas, NumPy, spaCy
- Databases:** MySQL, PostgreSQL
- Soft Skills:** Problem Solving, Analytical Thinking, Teamwork, Time Management

CERTIFICATIONS

- Hackerrank** , Python (Basics)
- Microsoft & DSCI**, Cybersecurity Awareness

ACHIEVEMENTS

- Solved 300+ questions on leetcode. 
- Gold level in c++ in hackerrank. 

EXTRA-CIRRICULAR

- I enjoy sketching and painting in my free time.
- I play basketball and volleyball to maintain my physical health.
