EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
MCA	Graphic Era Hill University, Dehradun		Pursuing
B.Sc IT	Dev Sanskriti Vishwavidyalaya, Haridwar	8.27	June, 2025
Senior Secondary	Trident Public School	83	Aug , 2022
Secondary	Trident Public School	90	June 2020

EXPERIENCE

- **Shriram Software Solutions** June 2025 - July 2025
Data Science Intern Haridwar, Uttarakhand
 - Worked on data analysis tasks including EDA, data cleaning, and basic model evaluation.
 - Gained practical experience with real-world datasets and tools such as Python and scikit-learn.
 - Collaborated with mentors to understand workflows and improve data handling techniques.

PROJECTS

- **Multimodal Document Intelligence System | Advanced RAG with Vision Support**
Tools: [LangChain/LlamaIndex, ColPali, LLaVA, Chroma, Streamlit, RAGAS].
 - Built a multimodal RAG system for intelligent Q&A over text, tables, charts, and figures in complex PDFs.
 - Implemented ColPali visual retrieval with hybrid text embeddings for layout-rich documents.
 - Integrated LLaVA vision model to understand and reference figures/tables in answers.
 - Developed a Streamlit web app with PDF upload, natural language queries, and source citations.
- **Project B: Customer Churn Prediction | Machine Learning**
Tech: [Python, Pandas, Scikit-learn, Seaborn]
 - Built a bank customer churn prediction model using EDA, feature engineering, and scaling.
 - Trained and compared Logistic Regression, Random Forest, and Gradient Boosting models.
 - Achieved 86% accuracy and 71% F1-score using Random Forest.
- **Project C: Spam Mail Detection**
Tools: [Logistic Regression].
 - This project leverages the power of machine learning and Logistic regression to help users filter out unwanted spam messages.
 - Utilizes the Mail data from Kaggle.
 - Employed TF-IDF for feature extraction to effectively handle text data.

SKILLS

- **Programming Languages:** C, C++, Python, JavaScript, SQL
- **Technologies:** Exploratory Data Analysis (EDA), Machine Learning, Deep Learning
- **Databases:** MySQL, PostgreSQL
- **Libraries/Frameworks:** pandas, NumPy, OpenCV, spaCy, TensorFlow, scikit-learn
- **Tools:** Git, GitHub, HTML, CSS
- **Soft Skills:** Teamwork, Problem Solving, Communication, Time Management

CERTIFICATIONS

- **Hackerrank** , Python (Basics)
- **Microsoft & DSCI**, Cybersecurity Awareness

ACHIEVEMENTS

- Solved 200+ questions on leetcode. 
- Gold level in c++ in hackerrank.

EXTRA-CIRRUCLULAR

- I like to do sketching and paint in my free time.
- I play basketball and volleyball to maintain my physical health
